

STRATEGY BRIEF · 90-DAY PAGE-1 PLAN

South Florida Impact Window & Door SEO

Data-driven niche selection for the RankLogic agency site, validated against Semrush keyword volume, CPC, competition, and Keyword Difficulty Index (KDI). The pick: **residential impact window & hurricane door installers in South Florida** (Miami-Dade, Broward, Palm Beach).

Why this niche, in one line: CPC of **\$22–\$30** on the head terms proves the lead is high-ticket; KDI of **0–28** on neighborhood & near-me terms proves it ranks fast; a regulatory tailwind (Florida Building Code + active *My Safe Florida Home* grant) means demand is climbing into 2026.

1 · The Pick

One agency target: Residential impact window & hurricane door installation companies across South Florida. Job value \$15k–\$50k. Gross margin 25–40%. One closed deal covers 5 months of a \$3,500/mo agency retainer.

One geo: Miami-Dade + Broward + Palm Beach counties. ~30 city/neighborhood slugs to own.

One promise: Page 1 in 90 days on the city & neighborhood cluster, or refund. *impact windows miami* itself is a 6–9 month stretch goal, not a 90-day commit.

2 · The Numbers (Semrush US database, May 2026)

TIER 1 · 90-DAY RANKABLE, BUILD FIRST

Keyword	Vol/mo	CPC	KDI	Why
impact windows pinecrest	70	—	0	Trivial; ultra-affluent Miami-Dade buyer
impact windows pembroke pines	70	—	0	Trivial; large Broward suburb
impact windows coral gables	90	—	3	Trivial; affluent buyer pool
impact windows hollywood fl	70	\$20.75	6	KDI 6 with paying CPC
impact windows near me	1,300	\$29.50	23	Highest CPC; local pack play
impact windows boca raton	140	\$23.54	24	Palm Beach anchor
hurricane impact windows	2,400	\$14.59	28	Massive cluster anchor

Keyword	Vol/mo	CPC	KDI	Why
impact windows fort lauderdale	260	\$21.78	34	Broward anchor
impact windows weston	70	—	35	Affluent Broward
hurricane windows fort lauderdale	90	—	36	Synonym variant for FTL page

TIER 2 · 4–9 MONTH STRETCH

Keyword	Vol/mo	CPC	KDI	Note
impact doors miami	480	\$12.72	48	Companion to windows
impact windows palm beach	70	\$29.43	49	High CPC, moderate KDI
impact windows miami	880	\$22.49	51	The big trophy. Pursue after city pages rank.
impact windows south florida	170	\$23.77	—	Region hub page
hurricane windows miami	320	\$14.18	—	Synonym on Miami page
impact windows cost miami	30	\$12.99	—	Pricing intent — /cost guide

Cluster total: ~6,000+ commercial-intent searches per month across South Florida. Pair with informational long-tail (cost, financing, brands, hurricane code) and the cluster doubles.

3 · Why Not the Runners-Up

Niche	Best CPC	Disqualifier
Pool builders	\$11.51	CPC too low — leads valued at ~half impact windows; long sales cycles
Roofing	\$38.19	Excellent CPC but comp 0.56–0.73; dominated by national franchises (West Shore Home, Roof It Forward)
Solar	\$7.55	Industry margins collapsed post-2024 IRA changes
Remodeling (kitchen/bath)	\$13.67	Designer/architect market — bought on referral, not search
Restoration (water/mold)	\$32.92	Emergency intent = brand trust > rank; long brand-build before SEO pays off
HVAC	\$22.23	HOLD as secondary niche — viable, similar economics

4 · Hero Copy (drop-in for `src/lib/copy.ts`)

  ] as Rich,
  sub: "The only SEO agency built for South Florida impact window and door installers. 6,000+ homeowners search every month – we make sure they call you, not your competitor.",
  ctaPrimary: { label: "Claim My City – Free Audit", href: "/audit" },
  ctaWhatsApp: "Chat on WhatsApp",
  reassure: "Free audit · No 12-month contracts · 90-day rank guarantee",
  phoneIntro: "Or call",
  phoneOutro: "– Izzy answers, not a call center.",
  trust: "Performance-guaranteed · 1 installer per city · Refund if we don't rank",
